## HLC® SCRATCHGUARD® Singlemode Patch Cables

### *The Megladon Difference*

The **Singlemode (SM) Patch Cables** manufactured by Megladon exceed industry standards for optical performance and durability. Every patch cable is built from the highest quality materials from the top manufacturers in the industry, and all assemblies are factory-terminated and tested to the highest industry standards, including GR-326.

Megladon is capable of terminating all common fiber optic connectors, including SC, LC and MPO / MTP® varieties. An array of cable types are available, including riser, plenum and numerous jacket colors and diameters. All terminated assemblies utilize Megladon's patented HLC termination process – providing industry-leading performance and durability.

**For more information on Megladon's HLC process and products, please visit [megladonmfg.com](http://megladonmfg.com).**

### KEY BENEFITS

- ✓ Exclusive HLC Termination Process
- ✓ Reference Grade IL & ORL Performance
- ✓ SCRATCHGUARD Durable Mating Surface
- ✓ GR-326 Compliant Materials & Geometry
- ✓ SMF & Bend Insensitive Glass Types available
- ✓ Built to Specified Lengths

### APPLICATIONS

- ▶ Horizontal Cabling
- ▶ Central Office Distribution
- ▶ Head End Distribution
- ▶ Indoor Cross Connects
- ▶ Data Centers
