

MEGLADON[®]

MANUFACTURING GROUP, LTD.

A Teller Technologies Family Company

HLC[®] SCRATCHGUARD[®] IP Series Products

The Megladon Difference

IP Series Connectors & Cable Assemblies meet IP68 environmental seal ratings and are the ideal choice for industrial, Fiber-to-the-Antenna (FTTA) and harsh environment fiber applications. IP series connectors are available in LC Duplex, Simplex SCAPC and MPO configurations to support a wide variety of equipment types, and flange mount adapters are available for integrating into junction boxes in outdoor installations. The patented locking system interface is IEC60603-7 compliant, ensuring compatibility with similar lock systems, including ODVA type connectors. The internal connectors are industry standard and provide exceptional performance and full interoperability.

All terminated assemblies utilize Megladon's patented HLC termination process – providing industry-leading performance and durability.

For full details on Megladon's HLC process and products, please visit megladonmfg.com.

KEY BENEFITS

- Excellent HLC Termination Process
- Excellent Grade 5, 6 & 10A Performance
- Scratch-resistant rugged mating surface
- LC Duplex, SCAPC, MPO Connectors
- Can accommodate 4.0mm cable
- IP68 rated 7 Locking Mechanism
- Flange to Flange Mount Adapters
- Junction Boxes available

APPLICATIONS

- Fiber-to-the-Antenna (FTTA)
- Fiber-to-the-Home (FTTH)
- Seaside Plant Fiber
- Harsh Environment
- Industrial
