SKY BRASS INDUSTRIES

about us

SKY BRASS INDUSTRIES an ISO 9001: 2008 company is serving Metal Industry since 1980 situated in INDIA. We are one of the leading manufacturers of Precision Metal Components used in both Ferrous & Non Ferrous metals. We have owned name worldwide due to its years of experience & perseverance to attain Customer Satisfaction through Quality manufacturing. We are recognized as strong reliable partner in the areas of Ferrous and Non Ferrous metal applications. **SKY BRASS INDUSTRIES** is serving from simple to fussy customers globally.

The company commenced its operation in 1980 with small area and very limited working capital. But due to its enthusiastic and well talented managerial effort and dedicated team of employees, the company successfully achieved all its targets.

SKY BRASS INDUSTRIES is associated with Sujata Groups, who are pioneer manufacturer of Special Purpose Machines used to produce turned components. Some types are Single and Double Spindle Automats, Sliding Headstock (UPTO Ø3 MM), Rotary Table, Drill Machine etc.

Our standardized and customer - specific solutions are reflections of our innovative engineering know-how, which characterizes and provides the impetus for progress in these markets.

SKY BRASS INDUSTRIES is serving in various sectors as:

- ▶ Electronics and Electrical Sector.
- ▶ Automobile Sector.
- ▶ Power and Distribution Sector.
- ▶ Hardware Sector, etc.....

The global presence, the innovative and aesthetic design, a mature platform of standard products and the recognized high degree of integration competence, supplemented by outstanding time-to-market results and above all, the unsurpassed quality lead to but one conclusion: Better **SKY BRASS**

knows that successful customers are the only foundations for progress and achievement.

Our plant in Jamnagar (India) is having most modern facilities in terms of Machineries, Quality Control Instruments and continuously looking forward to provide "Total Customer Satisfaction".

We hope that every time customers deal with us, their experience reflects our vision :

- ▶ we do what we say we will do - when we say we will do it - for the word we stated
- ▶ we are pro-active and easy to do business with - and we care
- ▶ if we don't keep our promises, we make recovery our number one priority.

With this in mind, we are committed to deliver defect free competitive products on time to customers that will fully meet their requirements as provide them complete satisfaction. We shall also strive for continuous improvement in our business and periodically review our quality policy and objectives for there continued stability.
